

Cocktails

Northwest Naturals has formulated a variety of blends to help make your favorite cocktail. Cocktails with a lot of flavor are really trending right now. Any bar probably has a Moscow Mule and their own version of an Old Fashion.

What makes these cocktails so good is the blend of the fruits and juices that go into making them. Northwest Naturals has taken the process of making a cocktail into one easy step: 1-2 oz of our blend, 1-2 oz of spirits, fill glass with water or soda water, and you've just made an amazing drink without all the bar tools and ingredients.
